Good Morning,

Please read the email from Tina Sturtz. This WAS an area of technology she would not touch for a long time. She was not going to conform to the trenches of such. Well, look at her now!

Thank you for all the work you did to get tablets in the hands of seniors. This is a success story. Great Work!!!!

Beth Brown

Hi Beth, I'm not able to attend the meeting, I have to work but thank you for the invite. I have really used the iPad a lot. Yes, I have downloaded some of my favorites (ie the "TBN Christian network" etc) but I'm not on Facebook. I really appreciate having the iPad it's been great to use especially when I'm away from home and I'm sure I will continue to use it frequently. Right now I don't have any questions about using it, I have family that were able to help me navigate it easily. Many thanks again!

Tina

Good Afternoon,

Hope this finds you well. Thank you for being a recipient of our iPads. How are you doing with it? We are offering a program to meet with you and hear your experiences with the tablet and to answer any questions you may have. The program is on Wednesday, December 8th at 2:00p. We will have sandwiches and refreshments.

Have you downloaded apps? Do you use Facebook? Are there things you would like to do with your iPad, but you are not sure how? Sharing your questions may help someone else. Your feedback will help us improve our services and determine future programming.

Please RSVP so we can plan accordingly. If you are interested, but unable to attend, let us know. We will schedule a time for you.

I look forward to hearing from you.
Best,

Beth Brown

That is pretty awesome!
If that isn't "connecting people with information, ideas, and each other" then I don't know what is. Great job all around!

Thanks,
Joe
